Front Page Student News

Vol. 1 No. 1 9/14/92

There's a new look to the student newsletters on both campuses. You'll notice that beginning with this issue, each will have a common *MSMC STUDENT NEWS/FRONT PAGE*, covering information of interest to all students. Campus-specific news will be attached to the *FRONT PAGE*.

This change has been initiated in an effort to reduce the volume of newsletters produced by the many organizations on each campus. It also makes it easier for you to submit news items--instead of sending all-College news to **both** Chalon Student News and Doheny, simply send it to the public relations office, and it will appear in the *FRONT PAGE* section. Information that relates to students at only one campus should be submitted in the usual way, to Sister Joseph Adele and Lisa Melou at Doheny, or to Monica Lond in Student Development at Chalon.

This new approach has come out of our evaluation of communications on campus, in accordance with area G-2 in the College's Strategic Plan. Please help us make the new single-newsletter system work!

ON THE HORIZON

Classes at both campuses are canceled on Wednesday afternoon, September 23, so that all students can attend this year's Horizons Day convocation. Our featured speaker is the wild and witty Texas journalist, Molly Ivins. Ivins is the author of the best-selling collection of political writings, *Molly Ivins Can't Say That, Can She?* You may have seen her commenting on the race for the White House on *Nightline* or the *Tonight Show*--or you may have read her commentary in recent issues of *Time* and *Newsweek*.

If you've heard her, read her, or seen her--you know Molly Ivins should NOT be missed!

Eight students from each campus will be selected for a special LUNCH WITH MOLLY on September 23--to participate in the drawing, contact your respective Student Development offices.
Horizons Day is our ONLY fall convocation--be there!

Chalon Campus Circle 11:30 a.m. Complimentary Picnic Lunch
Chalon Campus Center 1:00 p.m. Molly Ivins speaks!
Booksigning to follow.

Traffic Policy

As we begin a new school year, it's terribly important that we all be reminded of our agreement with the Brentwood community to minimize the impact of increased traffic flow in the neighborhood. When coming up the hill, take the Norman Place route to the College or Carondelet Center; going down the hill, take Bundy. It is critical to our community relations effort that we abide by this agreed-upon plan. Please remember that the speed limit in the area is 25mph, and that many area residents are walking their dogs or jogging during the hours we are heading to/from campus. Thank you for your cooperation. If you have any questions about this aspect of our community relations policy, please feel free to contact Lucy Lee, Director of Public Relations, at (310) 471-9537.

HONORS STUDENTS

Seniors Thesis: Seniors who are interested in the possibility of completing an Honors Certificate by writing a Senior Honors Thesis must contact Dr. Michele Dumont as soon as possible. Come to H327 or call (310) 471-9826. Even if you are not sure or have not taken many honors courses come by and talk about the possibility of doing a thesis.

Eligible Students: New students who have a 3.4 cumulative G.P.A. are eligible to take to take Honors Courses. See your advisor or Dr. Michele Dumont if you would like to take Honors Courses.

Honors Contracts: With the approval of the Honors Committee and the support of faculty any Honors Students may take regular courses for Honors Credit. Just fill out an Honors Contract with your instructor and get it approved by the last day to add classes. Honors Contracts are in the Registrar's Office and on the bulletin board outside H327.

MSMC--UCLA CROSS-REGISTRATION

Are you aware of the MSMC--UCLA cross registration agreement? In effect since 1988, the program permits undergraduate students, at no additional tuition, to enroll concurrently in courses on both campuses.

"The intention is to provide MSMC students the opportunity to take classes not offered through the College, for example higher math, advanced languages and esoteric sciences," explains Sister Magdalen Coughlin, MSMC Chancellor, "UCLA students can benefit from our religion and philosophy courses, and small classroom size with a faculty/student ratio of 11.6 to 1."

Although she hasn't taken a class at UCLA, psychology major Jacqui De Marco says, "I love the libraries at UCLA, especially the bio-medical and research libraries. They have all the psych journals and the PsychLit computer search." Further information may be obtained from the Registrar's office. Whether enriching your education or networking for possible post-graduation contacts, take advatage of this MSMC perk!

FROM PUBLIC RELATIONS

The CBS Foundation is helping spread the word about MSMC's impressive record of success in educating students from diverse ethnic backgrounds.

CBS Network affiliate KCBS in Los Angeles is helping the College develop a series of videos which can be used to demonstrate techniques proven effective at MSMC. These techniques can then be adapted for use at other colleges, universities, and/or in businesses.

Filming for these videos will begin on both campuses some time in November. As some of you may remember from the Kuralt filming, a media project results in many unforeseen changes and adjustments. We ask for everyone's patience and cooperation as this important project progresses.

Any questions should be directed to the public relations office at x529 or x537.

NEW OFFICE HOURS

In an effort to better serve the entire college community, administrative offices on the Chalon campus will be open for most services during the lunch hour starting on Monday, February 8, 1993. Specifically, the Business Office, Grants, Personnel and the Registrar will all be open during the lunch hour for most services. The opening and closing times of these offices will not change. Please refer to the office hours posted in front of each office. Of course, because of limited staff, these offices may not be able to conduct all normal business if the person responsible is at lunch at the time. However, every attempt will be made to serve students, faculty, and staff. At the very least, the offices will be staffed to take messages, answer questions, and when appropriate, set up appointments. According to statistics, someone dies in an alcohol related traffic accident every 22 minutes. To simulate this statistic every 22 minutes throughout the day on Wednesday, February 17, someone will put on a black armband to symbolize their death and a tombstone will be erected in the Circle. Volunteers are needed who are willing to "die." Please call Mary Spellman at 471-9531 or stop by the Student Development Office (H200) if you want to volunteer or need more information.

Substance Abuse Awareness Week

February 16-18, 1993 has been designated **Substance Abuse Awareness Week**. Each day will focus on a different substance abuse issue. An information table will be set up in the Little Theater Foyer.

Tuesday, Feb. 16:

"A SADD Day at the Mount"--examines the issue of drinking and driving.

Thursday, Feb. 18
"Natural Highs"--demonstrates fun alternatives to drinking.

Last year's **"It's a SADD Day at the Mount"** had a powerful effect on the Mount community by focusing attention on the tragedy of drinking and driving. The event simulates the sobering statistic that every 22 minutes someone is killed in an alcohol-related traffic accident.

On Wednesday, Feb. 17, every 22 minutes (from 8:00 a.m. to 4:30 p.m.) a faculty, staff, or student volunteer will symbolically die. Volunteers are needed. Siena Day, A Very Special Celebration

Siena Day this year is very special and there won't be another celebration like it for the next 30 years! **On Wednesday, March 3,** we will commemorate the 30th anniversary of the founding of the Doheny campus with festivities for all. Spend the afternoon touring Doheny--including the mansion... listen to nostalgic music from the last three decades as you munch on a complimentary box lunch. Hear tales about the legendary Doheny family and watch a slide show of campus history.

Learn more about this vital MSMC campus! A panel of alums from the '60s, '70s, '80s and '90s will reminisce about their college days and talk about what they're doing now.

You'll also have a unique opportunity to LEAVE YOUR MARK for future generations of Mount students.

Cancelled classes:
Chalon: 10:50 a.m. - 4:00 p.m.
Doheny: 11:50 a.m. - 2:50 p.m.
so BE THERE!!

What is Siena Day?

It's the annual all-College spring convocation, traditionally held on the Doheny campus. The event draws its name from Catherine of Siena, born in 1347 but a woman way ahead of her time. During her brief 33 years, she lived a full life and used her God-given talents in service to her community. Catholics celebrate her feast day on April 29.

Phonathon Phun

We still need callers, runners & assistants for the 1993 Phonathon--an on-campus fund-raiser which helps support the annual fund. All monies raised go to provide programs and services for current students.

1993-94 Tuition

From Sister Karen Kennelly, President

The Board of Trustees has concluded its annual review of tuition and fees as part of the College budget. This is always a very difficult process involving sensitivity to the student needs as well as responsibility for a balanced budget at the College. The increases being adopted for the coming academic year have been kept to the base minimum needed to ensure the educational quality of your program.

This tuition increase keeps us in the bottom fourth of California's independent colleges with respect to cost while national and regional ratings of educational quality place us at or toward the top! We are, as one national rating put it, a "little known gem," a real bargain for students seeking a liberal arts education of outstanding quality at a moderate price. Even so, we know that careful planning and assistance is necessary for all students who desire to attend our college.

Conscious of this need, and desiring to make it possible for every qualified student to attend regardless of the tuition increase, the College development effort has been directed this year toward building up our endowed scholarships and securing other funds to support increased financial aid. We invite and urge you to make early contact with our Financial Aid Office to be sure you get the funds for which you are eligible and to get help with any problems you may be experiencing in trying to finance your college education with the tuition increase.

Please contact: Chalon campus (310) 471-9505

Junior Year Abroad

If you have a 2.5 GPA and are interested in spending your junior year in a foreign land, come to the academic advisement center at Chalon, H203 as soon as possible. Programs are available in Europe, Asia, Australia, and elswhere. Some programs require knowledge of the language, while others will teach you.

Women's Support Group

A women's support group for MSMC students is in the process of being formed. It will be held from 11 a.m.-12:30 p.m. on Wednesdays. If you are seeking support in any area of your life, and you are willing to make a six week commitment, call Anne Coleman, M.A., in Health Services at 471-9840.

Congratulations...

For her many hours of community service, Tracy Bowen was named a finalist in the Campus Compact's Howard R. Swearer Student Humanitarian Award Contest. Congratulations, Tracy!

Tennis Team: Young but Strong

Members of the 1993 women's tennis team are all new to MSMC this year and they're definitely making an impact. Our #1 doubles team, Maria Gossom and Linda Nguyen, have been a strong influence on the team, beating Pierce College and Biola University; losing only to Caltech after a long three-set battle.

Linda Nguyen and Joy DiPalma each won a singles match. Joy teamed up later with Robin Penetrante to win a doubles match against Pierce.

HELPING OUT! Children from St. Thomas the Apostle School in the Pico-Union district of L.A. enjoy the gifted instruction of Mount student and dance teacher Colleen O'Shaughnessy, who, in addition to her normal paid work with Westside children, volunteers to teach dance to St. Thomas' children once a week at no cost. Now *you* can help them to purchase the t-shirts they need as a costume for their "Heal the World" performances later this month, to commemorate the disturbances which rocked their neighborhood a year ago. Just **purchase a $1 raffle ticket** , and take a chance on winning one of two beautiful **Easter baskets.**

The students of St. Thomas the Apostle School have to contend with many problems, but they have a plentiful supply of pride and spirit. It would mean a great deal to them to have matching t-shirts for their dance recitals and performances, and it would mean even more to them that these came as a gift from the students of MSMC....Who knows? Maybe some of them will begin dreaming of coming here one day as college students themselves!

Tickets may be purchased in the foyer or Campus Ministry office. Additional donations are gratefully accepted. The drawing for the baskets will be held at dinnertime on April 7.

SKID ROW ROSARIES? The Catholic Worker, a lay community serving the homeless of skid row, normally asks for food, clothing, toiletries...But they report that many of the people who live on skid row, and many of those whom they meet at the County/USC AIDS Clinic, ask for rosaries. Even for those who are not Catholic, rosaries seem to have a power to give hope and consolation. If you have any rosaries that you could donate to the Catholic Worker, please bring them to the Campus Ministry office.

FEEDING THE HOMELESS PROJECT. Only two more opportunities remain for you to join us this year in bringing meals to our homeless neighbors in Santa Monica. We will be preparing the meals (6PM, Campus Center kitchen) and distributing them (8:30 PM, leaving from the chapel) this coming Sunday, April 4, and again on April 25. If you haven't had the chance to participate so far, try to make the time to join us on one of those dates: it's an experience you will not soon forget!

Many thanks to everyone who has participated this year in any way, including those who generously donated food and supplies. We have enough food to make sandwiches for the remaining two dates, but we could use some fruit, cookies and juice as well. If you have any raingear or socks that you could donate, please bring them to Campus Ministry. The rain has been hard on the homeless, and these gifts of clothing would make life easier for them.

A phone call a day...We are looking for students who would be willing to call a man who is blind and bedridden, to talk with him, read him the newspaper, etc. If you are able to help out, please contact the Campus Ministry office.

INITIATION NEWS... Reminder: There will be an important **Retreat** for all of the Elect, Candidates and Sponsors this Sunday, April 4, from 2-5 PM in the Casa, led by Chris Walker.

Last Sunday, the final Scrutiny was celebrated at our evening Mass. Everyone present had the opportunity to lay hands upon the Elect and to join in prayer for them as they enter the final stages of preparation for Baptism.

The Sacraments of Initiation (Baptism, Confirmation and Celebration of First Eucharist) will take place at our 7:30 PM Sunday Mass on **April 18.** Mark your calendars: Don't miss it!

CHOIR PRACTICE on Sunday, April 4 and on Sunday, April 18, at 6 PM. There will be regular Monday evening practices this week, April 5, as well as on April 19 and April 26.

THANKS to Gloria Ramos and her Bible Study group for organizing last Sunday's Retreat Day on campus!

PALM SUNDAY is this Sunday, April 4. Those gathering for the 7:30 PM Mass and Palm Sunday procession will meet in the circle, by the flagpole, instead of in the chapel.

REMEMBERING DR. KING...This Sunday, April 4, is the 25th anniversary of the assassination of Reverend Martin Luther King, Jr. The following is a segment of a sermon he preached in Montgomery, Alabama on November 6, 1956, just 7 days before the Supreme Court ruled against Alabama's bus segregation laws.

Many persons will realize the urgency of seeking to eradicate the evil of segregattion. There will be many Negroes who will devote their lives to the cause of freedom. There will be many white persons of good will and strong moral sensitivity who will dare to take a stand for justice. Honesty impels me to admit that such a stand will require willingness to suffer and to sacrifice. So don't despair if you are condemned and persecuted for righteousness' sake. Whenever you take a stand for truth and justice, you are liable to scorn. Often you will be called an impractical idealist or a dangerous radical. Sometimes it might mean going to jail. If such is the case, you must honorably grace the jail with your presence. It might also mean physical death. But if physical death is the price that some must pay to free their children from a permanent life of psychological death, then nothing could be more Christian...I still believe that standing up for the truth of God is the greatest thing in the world. This is the end of life. The end of life is not to be happy. The end of life is not to achieve pleasure and avoid pain. The end of life is to do the will of God, come what may.

What better way to enter Holy Week than to ponder these words, with gratitude for Dr. King, and all those who, following the path of Jesus, did the will of God, come what may, and gave their lives so that we might live in freedom.

Front Page Student News

Vol. 1 No. 24 4/9/93

From the President

Some members of the on-campus College community, as well as parents of our students, have expressed concern about the College's response to any emergency situation that may occur after the announcement of the verdicts in the Rodney King trial. Please be assured that a crisis communication plan is in place, and that special arrangements have been made for the safety and well-being of everyone on both campuses.

In the event of any civil disturbances, general information--as well as specifics about the status of each campus--will be available on two **hotline numbers: 310/471-9537, and 310/471-9529.**

Operators and recorded messages at the switchboards of each campus will refer callers to the hotline numbers. I ask each of you to share these numbers with any family or friends who may be concerned about getting up-to-date information in the event of an emergency.

At this time, we are not anticipating any serious disturbances. We are looking forward to a peaceful Spring, and all the customary end-of-the-year festivities.

As the Mayor and Chief Williams suggested: Let us calm ourselves, have faith in our city, and put aside concerns based on rumor or speculation.

Anyone who would like to know more about the crisis communication plan may contact Lucy Lee, Director of Public Relations, at Chalon x537.

Pay Day

All outstanding debts, including past-due penalities, must be paid before May 1 (before exams). This includes tuition, fees, loans due, parking fines, bounced checks, health service fees and library fines. Women's Studies Update

Volume 1, Number 2

Women's Studies: Part of the U.S. Higher Ed. Scene

There are those who are still skeptical about the role that women's studies plays in the curriculum of colleges and universities. However, the body of evidence supporting these programs is growing. In a report of the American Association of Colleges, Project Director Caryn McTighe Musil states, ". . . women's studies already has been doing what the vast majority of education reform reports are now recommending. Students tell us women's studies engages them intellectually and makes education a way of life--not merely a collection of course credits. It re-establishes the centrality of teaching and student-centered learning."

The report also confirms the intellectual rigor of women's studies programs. In a comparison of eleven different majors, women's studies was rated the highest in ten of fourteen areas of scholarship including connecting different kinds of knowledge, exploring values and ethics, and investigating important societal questions.

The growth of women's studies program is phenomenal when it is considered that the first program began at San Diego State University in 1970. In ten years there were over 300 programs and today there are 621. Approximately 5% of these programs refer to themselves as gender studies. Women's studies can be found at two-thirds of all universities, one half of four-year colleges and one quarter of two-year colleges. There are 102 graduate programs in women's studies.

Pink and Blue --

Girls Inc. (Formerly Girls Club of America) has become an activist organization on behalf of issues concerning young women's development. The following is the concluding statement in their publication, "Past the Pink and Blue Predicament: Freeing the Next Generation from Sex Stereotypes" (August, 1992):

As a society we continue to clobber young people with the importance of gender from birth, sorting and guiding them into skills and interests according to their sex. Today, when most women need to earn a living eve when they have young children, we are depriving girls of survival skills if we fail to encourage them in science and technology, critical to most fields paying high wages. And we squash their self confidence and jeopardize their health if we continue to judge and rewards girls primarily on how they look. We can narrow some of these critical gaps in the opportunities girls have to be employable, healthy and self confident-- and the comparable gaps in opportunities boys have to prepare for friendship and parenthood--through targeted interventions and the concerted effort of people who care.

Courses Focusing on Women's Issues Identified

While the effort to propose a Women's Studies Minor at Mount St. Mary's College continues, students interested in women's issues can still enroll in appropriate courses. The minor program, if approved, could not be implemented until the 1994-1995 school year. However, there are courses in the departments of History, English, Philosophy, Leadership and Business to be offered next year that focus on women. A flyer listing these courses will be posted around campus and sent to all continuing students. If you have further questions please see Dr. Michele Dumont.

Wanted: Interested Students

Students who have an interest in starting a women's studies minor at Mount St. Mary's College are encouraged to attend a meeting on **Thursday, April 29 at 2:00 p.m. in H202.** No prior knowledge or experience necessary. The group that has formed to propose the minor has been strengthened by student involvement and input. Even more student involvement is sought to make this a truly student responsive program. In the two previous meetings efforts have been initiated to examine current course offerings, research women's studies at other institutions and prepare a proposal to submit to the Curriculum Committee.

. . . Nature makes a similar differentiation in the mental characteristics of the two sexes. . . the female is softer in character, is the sooner tamed, admits more readily of caressing, is more apt in the way of learning. . .

--Aristotle
